## **WORKSHOP NERI 2022** **20-21 May**

### **LOCATION**

The Workshop takes place at the Department of Economics (DIEC) of the University of Genoa, in Via Francesco Vivaldi 5, 16126 Genova, room "Fieschi", 4th floor. The Department is in the old port area (Porto Antico, Darsena), very close to the *Galata Museum (Galata Museo del Mare)*.

### **From TRAIN STATION**

The Department of Economics is about 6-8 minutes walking distance from one of the main railway station *Genova Piazza Principe* (in Piazza Acquaverde) and about 20 minutes walking distance from the centre of the town (*Piazza De Ferrari*). It is connected to the other main railway station *Genova Brignole* (in Piazza Verdi) by several buses (for example, bus 18, ATM <https://www.amt.genova.it/amt/>) and by tube, the *Genoa Metro*, which has only one line. The nearest underground station to the Department of Economics is called *Darsena*.

## From GENOVA AIRPORT

Genova Airport *Cristoforo Colombo* is at about 7 km from the city center. Passengers will find bus services outside the arrivals area of the terminal building. Buses from Genoa Airport are operated by ATM, city bases 1 and 3 connect the airport to the train stations: *Genova Piazza Principe* and *Genova Brignole*. The bus ride takes approximately 45 minutes, and the service is available 7 days a week. You cannot buy the ticket directly on the bus (but at the ticket machines or at the railway stations). The bus ticket costs 1,5 EUR and includes 100 minutes travel on the AMT network (all city buses).

**Volabus** is the fast (and suggested) connection service between Genova airport, the stations and the city center; in about 30 minutes you can reach the main railway stations - included Genova Piazza Principe - and the city center. The ticket costs only € 6 for a trip on Volabus (plus a 60 minutes journey on the Amt network in the same day). For more information about buses from/to Genoa Airport, please contact the tourist information stand in the arrivals hall at the airport or, for route map and timetable, visit the official airport website at <https://www.airport.genova.it/en/transportation-airport/> or <https://www.amt.genova.it/amt/trasporto-multimodale/volabus/english-version/>

## By TAXI

Passengers arriving at Genoa Airport will find the taxi rank outside the terminal building. At the arrivals hall there is a tourist information point where passengers may ask to estimate the cost of the taxi journey to reach their destination. In any case, it is suggested to ask the taxi fare to the taxi driver "before" starting the journey. Official taxis are either white or yellow, carry a "TAXI" sign on the roof of the car, they have the name of the company and their contact details clearly displayed on the sides of the vehicle. The main official Genoa taxis are operated by RadioTaxi (<https://5966.it/en/home-en>, to ask for a taxi you can call +39 010 5966). It is suggested visitors to only use the official taxis. For further information about taxis, please visit the official airport website at [airport.genova.it](http://airport.genova.it). Please, notice that taxi fares will not be refunded.
